

Learning Objectives for “Bullying: Myth or Fact What Can YOU Do to Help” Workshop For School Age Children

During this workshop the participant will learn:

1. How to identify the facts and myths associated with bullying behaviors.
2. How to identify bullying behavior and the effects it has on all involved.
3. What roles do individuals play in addressing bullying behavior.
4. How to do an “On the Spot” Intervention when bullying is witnessed.
5. How to investigate, report and deal with bullying behavior when suspected or reported but not witnessed.

The seminar is an interactive seminar using a PowerPoint, Kahoot video game, Group activities, and Q&A
